STUDIO USE PORTABLE BARRE

SHOW WORKS STUDIO USE PORTABLE BARRES ARE A PRODUCT THAT, WITH APPROPRIATE CARE, WILL LAST A LIFETIME.

All Show Works Studio Use Portable Barre Bases are fully adjustable in height. From a low height of 750mm up to well over 1.110 metres, they can be adjusted to exactly your preferred height (The Australian Ballet sets our Barres at a height of 1050mm).

Our Studio Use Portable Barres are made from solid steel billet permanently welded to sturdy tubular steel. The top of each base is fitted with an adjustment bolt that is easy to loosen and tighten to create an excellent friction fix.

The barre itself is made from 45mm diameter kiln dried hardwood – it never feels cold even in winter. The dowel is pre-finished with

3 coats of danish oil. It is easily maintained over time with a simple reapplication, as required.

Show Works Studio Use Portable Barres are given extra strength with the additional brace blocks at the top of each leg. Look for them when buying your barre!

Show Works wants you to receive your barre in the same condition as it left our workshop, that is why we send our barres our packaged in solid PVC wrap to prevent scratches and dents en route.

We can send our barres anywhere in Australia so contact us for a quote today!

Sizes:

1.8m – the ideal starter size

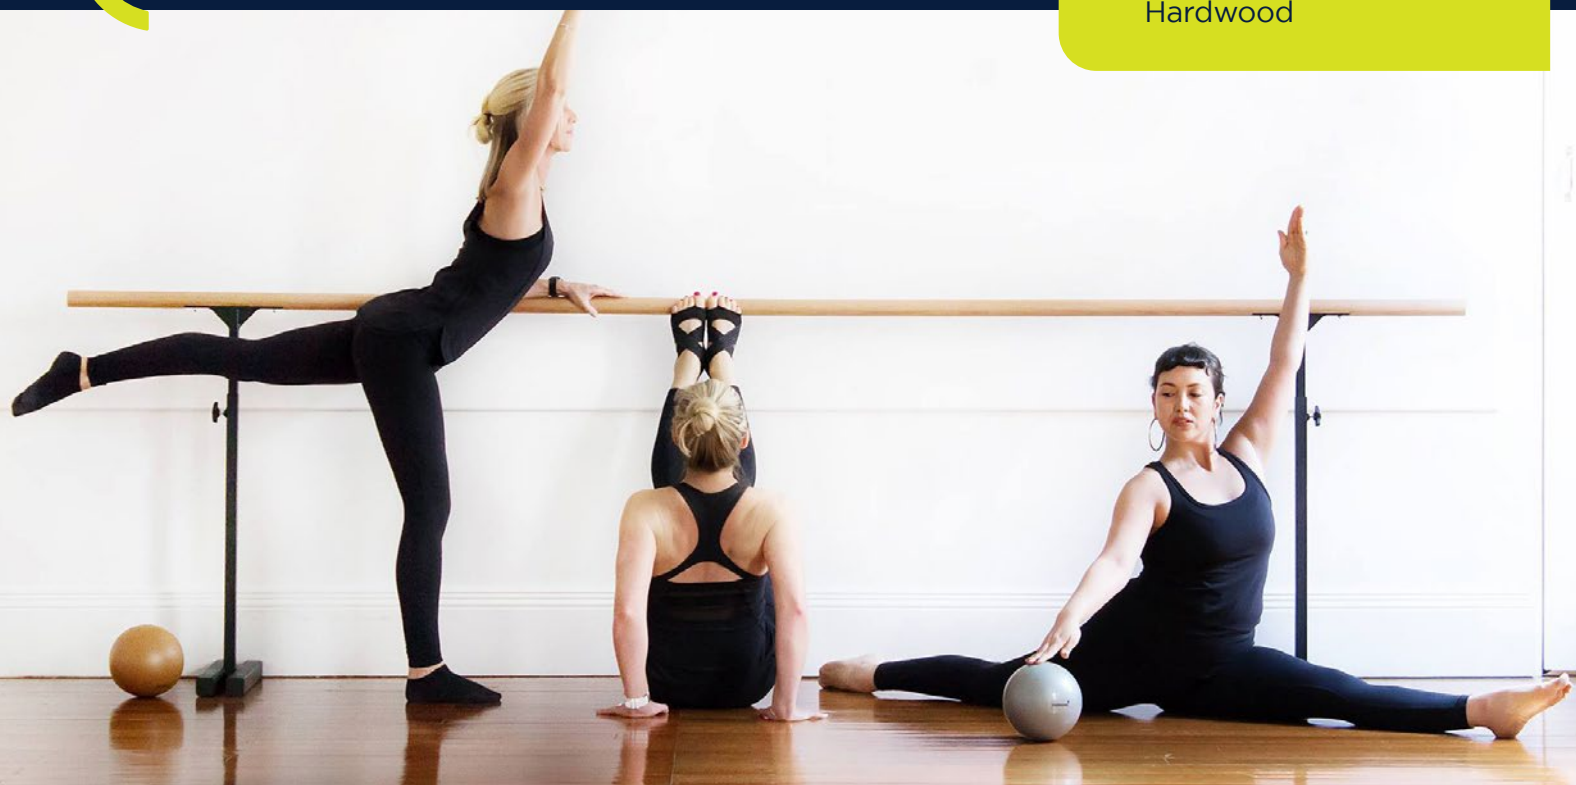

2.4m – good for use by up to 3 people

3.6m – the studio choice – this barre can be used by up to 5 students.

Technical notes:

- Total weight of each base is 15kgs.
- Base dimensions – 450mm long x 150mm wide x 750mm high
- Materials –
- Base – solid 45x45mm steel billet
- Upright Sleeve – 30x30mm mild steel tube
- Spigot – 25x25mm mild steel tube
- “T” plate – 25mmx5mm flat bar
- Dowel – 45mm KD Hardwood

CLIENT **BREATHE YOGA & PILATES, MELBOURNE, VIC**

2 HOME USE PORTABLE BARRE

THE HOME IS DIFFERENT TO THE STUDIO WITH A WHOLE DIFFERENT SET OF RULES BUT WHAT STAYS THE SAME IS THE NEED FOR QUALITY REHEARSAL EQUIPMENT.

With Show Works new Home Use Portable Barres, you can have all the benefits of a fully professional studio without the higher prices and heavy equipment.

Show Works Home Use Portable Barres are available in 2 handy sizes; 2.4m Long and 1.8m long. Both are capable of packing down flat and can be lifted and handled easily by people of all ages.

With the solid timber barre just like our studio range and a tubular steel base, these cleverly designed units can be adjusted infinitely up to 1.150m, well in excess of the standard height.

If you need your base to have a bit of extra weight, Show Works is able to supply 10kg shot bags to assist.

Safe to use on carpet, vinyl or timber; these Home Use Portable Barres are the ideal addition to your home studio.

SPECS:

- 2 handy sizes; 2.4m Long and 1.8m Long.
- Packs down flat and can be lifted and handled easily by people of all ages.
- With the Solid Timber Barre just like our Studio Range and a tubular steel base,
- Can be adjusted infinitely up to 1.150m. (Well in excess of the standard height.)

3

STUDIO USE PORTABLE MIRROR

IF YOU ARE HIRING OUT A HALL, OR WOULD PREFER TO TAKE YOUR MIRRORS WITH YOU SHOULD YOU DECIDE TO RELOCATE STUDIO SPACES, OUR STUDIO USE PORTABLE MIRROR IS THE PERFECT SOLUTION!

Our Studio Use Portable Mirror is sturdy enough to withstand the everyday rigours of any studio. For ease of storage, they are designed to go through a standard doorway.

Show Works Studio Use Portable mirrors are made from tubular steel frame clad with 12mm MDF with 6mm polished mirror on the face. The Mirror unit is easily movable on heavy duty industrial castors. The mirrors are supplied with 2 lockable castors.

The cleverly designed mirrors can stack inside of each other to maximise storage and floor space.

Our Studio Use Portable Mirror is sized at 1.8m Wide x 1.986m High x 810mm Deep.

4

WALL MOUNTED MIRRORS

SHOW WORKS OFFERS AN INSTALLATION SERVICE IN VICTORIA AND SOUTH EAST QUEENSLAND.

Mirrors can be fitted to any flat, even surface and to almost any size.

Talk to Show Works about cut-outs for studio use portable barre brackets.

For a removable option, Show Works can supply a split batten service upon application

5

FLOOR MOUNTED BARRE

FOR SITUATIONS WHERE A BARRE IS REQUIRED IN FRONT OF A PRE-EXISTING MIRROR OR GLASS, OR FOR A PERMANENT BARRE IN THE MIDDLE OF THE ROOM, SHOW WORKS' FLOOR MOUNTED BRACKETS OFFER THE PERFECT SOLUTION!

Set at a standard finished height of 1050mm (including dowel), these stylish barres are available in black or white powder coated finish as standard.

Double floor mounted brackets are supplied when a lower option is required for younger students. The bottom barre is spaced 180mm below the top barre.

Allow for nominal 1.2m-1.8m spacings between barres but in the event of a high load use such as stretch classes, closer spacing's may be required.

Show Works offers an installation or supply only service. Installation service is for Victorian based clients only.

CLIENT BREATHE YOGA & PILATES, MELBOURNE, VIC

CLIENT THE CONLAN COLLEGE, PYMBLE, NSW

Load tested in excess of Australian Standard AS1657-2013 when mounted into concrete substrate

6

WALL MOUNTED BARRE

WHETHER YOU NEED MOUNTED BARRES FOR YOUR DANCE STUDIO, HOME STUDIO OR EVEN FITNESS STUDIO, SHOW WORKS HAS WALL MOUNTED SINGLE AND DOUBLE BRACKETS AVAILABLE IN BLACK AND WHITE POWDER COATED MILD STEEL.

Your Wall Mounted Barres are great to create a longer length barre in a large studio space. They can be mounted to any solid surface and we recommend the brackets are spaced between 1.2m-1.8m. Show Works recommend the height of 1050mm to the top of the barre. We can supply a 45mm dowel in maximum lengths of 3.6m. These can be installed end on end to create any length barre.

Double brackets are supplied when a lower option is required for younger students. The bottom barre is spaced 180mm below the top barre.

SHOW WORKS OFFERS AN INSTALLATION* OR SUPPLY ONLY SERVICE.

**Our Installation Service is for Victoria based Clients.*

SPRUNG FLOOR BY SHOW WORKS

SHOW WORKS HAS CHANGED THE SPRUNG FLOOR INDUSTRY IN AUSTRALIA.

Why shouldn't dancers in Australia have access to affordable sprung floors? They are available overseas so why not here? With our unique set up, (Show Works is the designer, inventor, manufacturer and distributor all under the one roof) we save heaps of overheads and pass the savings on to you!

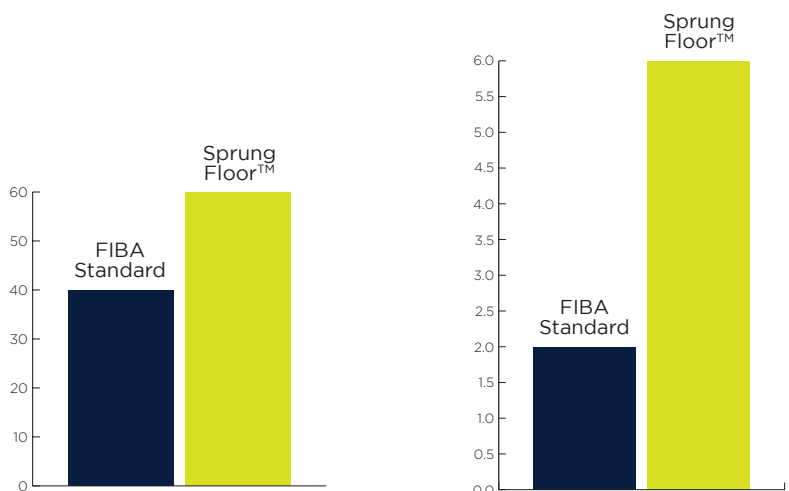

FEATURES

- Cheap and easy to install - we encourage you to shop around!
- It's modular design means it can grow with your business
- Use it with or without an overlay - you decide the finish
- Ecologically sustainable
- Australian designed and manufactured
- OH & S Friendly
- Now installed in the Australian Ballet and Queensland Ballet rehearsal studios

TEST RESULTS

Testing has been carried out under FIBA (Federation of International Basketball Associations) conditions. Testing was carried out on a level concrete floor.

VERTICAL DEFORMATION

Minimum vertical deformation
 FIBA Standard **>2MM**
 SprungFloor by Show Works **6MM**

FORCE REDUCTION

Minimum force reduction
 FIBA Standard **40%**
 SprungFloor by Show Works **60%**

TECHNICAL DETAILS

SprungFloor by Show Works is manufactured from 18mm B-C/C-D grade structural plywood; the closed cell pads that provide the force reduction are specially imported. We have not been able to find a comparable rubber in Australia (believe me, we have tried!).

Our floor is supplied in an uncoated form; this allows you to set your budget by choosing how you want to finish it.

POTENTIAL FLOOR FINISHES INCLUDE

Floor paint

Check with your local paint expert

Clear sealer

We recommend Bona Traffic

Dance vinyl

Show Works are national distributors of Tarkett Dansfloor.

Experience tells us that no two dancers are alike so why should we decide the finish? The choice is yours!

“Show Works’ Sprung Floor is everything you could want in a sprung dance floor – looks beautiful, cost effective, independently tested, five year manufacturer’s warranty, sustainable, good quality, non-slip dance surface, smooth, level and suitable for all different types of dance. It is such a pleasure to be in our new studio, which, thanks to Show Works, looks fantastic.”

ALICE HOBDEN – Kew School of Dance

BILTFLØR

SHOW WORKS' BILTFLØR IS THE MOST USER FRIENDLY PORTABLE DANCE FLOOR YOU CAN BUY.

Biltflør is a scientifically designed floating dance floor that uses modular airflow to cushion your exercise and add that extra spring to your routine. Protecting you from injury, this highly acclaimed floor will ensure a safe, exhilarating exercise every time. Biltflør was scientifically developed for dancers by those who understand the needs of dancers and technical staff.

Clients prefer Biltflør to other sprung dance floors because of its tool free installation, low profile and reasonable pricing. The artists of the Australian Ballet have been dancing on Biltflør for over 20 years; the world has seen the result! A great company of great dancers.

TESTING

Show Works has had Biltflør tested by Acousto-Scan Pty Ltd, ACN 062 949 973.

The testing was conducted in line with the FIBA standards: EN 14808:2005(E) and EN 14809:2005(E)

Testing was carried out on a concrete floor inside the Sydney Opera House, the Shock Absorption or Force Reduction was determined using the Berlin Athlete apparatus containing 120 Hz 2 pole Butterworth Filter as specified in the Standard. The peak voltages developed were measured using a Fluke 8024B voltmeter with peak reading facility.

3 readings are taken at each of 3 positions - in the centre of a panel, on a straight edge joint between 2 panels and at a four way joint between four panels. As per the Standard, the first reading was neglected and the second and third averaged.

TARKETT DANSFLOOR

DANSFLOOR HAS BEEN DEVELOPED BY TARKETT, ONE OF THE WORLDS LEADING MANUFACTURES OF FLOORING SYSTEMS.

Tarkett Dansfloor has been used by the Australian Ballet since 1981, providing a comfortable and safe floor which gives dancers the perfect balance between non-slip surface and one that allows free movement for all forms of dance.

Dansfloor has its own built-in springiness and cushioning which reduces the strain on muscles and tendons.

Resilient timber base floors are recommended. Any of Show Works' sprung floor products makes the ideal partner for Dansfloor Premium.

Dansfloor can be used as a permanent or mobile floor covering.

SHOW WORKS ARE PROUD TO BE THE ONLY SUPPLIER OF TARKETT DANSFLOOR IN A WOODGRAIN FINISH IN AUSTRALIA.

The vinyl has the same surface that Australian dancers know and trust but with a woodgrain finish.

This is in response to our customers and we are delighted to be able to deliver on this World first!

Maple

TARKETT GRANIT ACOUSTIC

THERE IS A STRONG DEMAND FOR A VINYL OVERLAY THAT CAN COVER A VARIETY OF DANCE STYLES INCLUDING TAP AND IRISH DANCING. TARKETT GRANIT ACOUSTIC IS THE SOLUTION FOR YOU!

Granit Acoustic is a cushioned back vinyl with a hardwearing surface suitable for a variety of styles. Whilst it may not be designed for Dance specifically, it's a great solution for dance studios who require a multi-purpose floor.

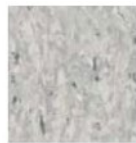

Granit Acoustic has its own built-in springiness and cushioning which also reduces the strain on muscles and tendons. The hard surface allows the freedom of movement and the cushioning helps it become a non-slip surface.

Show Works' Sprung Floor Products make the ideal partner for Tarkett Granit Acoustic.

Granit Acoustic is to be used as a permanent covering.
